WHEREAS New Brunswick has recent experience in working effectively with regulators and communities on energy pipeline projects;

WHEREAS the Energy East crude oil pipeline project will result in significant direct and indirect employment opportunities, both during the construction phase and in the long term, providing ongoing economic benefits for the whole province, our region, and the entire country;

WHEREAS Canadian crude oil supplied by pipeline to our refinery would decrease production costs and make the refined petroleum more competitive;

WHEREAS TransCanada Corporation has filed a formal project application for the Energy East crude oil pipeline project with the National Energy Board of Canada;

WHEREAS the Provinces of Ontario and Quebec should not create unnecessary barriers to the Energy East crude oil pipeline project by imposing additional processes and conditions that are not within their constitutional authority;
