Debatable Motions

Motion 2 by Mr. Bernard LeBlanc, seconded by Mr. Kenny to propose the following resolution on Thursday, December 1, 2011:

WHEREAS the Alward government proposed changes to the Prescription Drug Program that doubled the co-pay amount payable by seniors from \$250 to \$500;

WHEREAS seniors feel this increase breaks the Premier's campaign promise to "provide a better deal for seniors";

WHEREAS this sudden increase creates considerable financial hardship for low-income seniors;

WHEREAS the extra cost may prevent seniors from getting the medications they need;

WHEREAS the loss of medications could be harmful to the fragile health of seniors;

WHEREAS the New Brunswick Pharmacists' Association, the Canadian Life and Health Insurance Association, and others have suggested ways to find additional savings within the Prescription Drug Program, which would avoid the need for drastic fee increases;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government to reverse the sudden fee increase, keep the Premier's campaign promise to "provide a better deal for seniors", and explore alternate savings through the Prescription Drug Program.

Motion 6 by Mr. Bernard LeBlanc, seconded by Mr. Boudreau to propose the following resolution on Thursday, December 1, 2011:

WHEREAS the previous Liberal government undertook an unprecedented public engagement in 2009 with the business sector, the non-profit sector, and citizens living in poverty, which resulted in a bipartisan poverty reduction plan;

WHEREAS the Premier, then the Leader of the Opposition, participated fully in the engagement process and the announcement of the poverty reduction plan;

WHEREAS the Premier, then the Leader of the Opposition, stated that he was "proud" to have participated in the process and committed his party to implementing the recommendations of the poverty reduction task force;

WHEREAS the Premier, then the Leader of the Opposition, stated in an opinion column published in various provincial newspapers in November 2009 that we have to do more;

WHEREAS, since forming the government, the Alward Conservatives have ignored or postponed several important deadlines for the implementation of poverty reduction initiatives;

WHEREAS there is considerable disparity between what Premier Alward said while he was in the opposition and what he has done since forming the government;

BE IT THEREFORE RESOLVED that the Legislature urge the government to honour the commitments made by the Premier when, as Leader of the Opposition, he expressed his support for the poverty reduction plan.

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the provincial government to organize and facilitate a provincial employment summit before the end of May 2012, which would bring together stakeholders from the business community, the nonprofit sector, and postsecondary institutions, in order to understand the needs, identify the gaps, and propose a solution.
