Motion 5 by Mr. Arseneault, seconded by Mr. Boudreau to propose the following resolution on Thursday, November 14, 2013:

WHEREAS 12 public consultations were held between September 16 and October 9, leading to a renewal of *Overcoming Poverty Together – The New Brunswick Poverty Reduction Plan*;

Motion 13 by Mr. Fraser, seconded by Mr. D. Landry to propose the following resolution on Thursday, November 28, 2013:

WHEREAS, in 2008, the then Department of Transportation—DOT—implemented a new Asset Management Business Framework to better manage the long-term investment requirements of the province's aging highway infrastructure; and

WHEREAS the Asset Management Business Framework—AMBF—was implemented to make the most efficient use of highway capital repair dollars and take the politics out of paving; and

WHEREAS the Auditor General observed that, in the first three years after adopting the Asset Management Business Framework with optimal funding in place, the department noted positive results; and

WHEREAS the Auditor General has noted that the asset management methodology is sound; and

WHEREAS the Auditor General has concluded that, although the department has the appropriate tools in place to identify and prioritize required highway maintenance projects, current funding levels do not allow for completion of an appropriate level of highway maintenance on a timely basis; and

WHEREAS the Auditor General has expressed concern that this will result in deferring required maintenance to future periods at a greater overall cost to the province; and

WHEREAS it is reported in the Auditor General's report that 40% of capital maintenance projects chosen for completion are not recommended through the asset management capital planning process, and it was suggested that some of these are chosen for political reasons;

BE IT THEREFORE RESOLVED that the Legislature urge the government to return to the principles of asset management that have been implemented since 2008 to restore optimum long-term value to New Brunswick highway capital repairs.

Motion 15 by Mr. Collins, seconded by Mr. Melanson to propose the following resolution on Thursday, November 28, 2013:

WHEREAS the causeway gates on the Petitcodiac River were opened on April 14, 2010 as part of a 3 phase restoration project started under the former Liberal government;

WHEREAS the health of the Petitcodiac River has improved substantially, and life forms have returned to the river since the opening of the causeway gates;

WHEREAS a newly invigorated Petitcodiac River has attracted a number of tourists, including avid surfers, to the Moncton area since the opening of the causeway gates;

WHEREAS the third and final phase of the Petitcodiac River Restoration Project involves the construction of a bridge, to replace the causeway structure, that was due to open in 2013;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the provincial government to move forward with its application for federal funding for the third and final phase of the Petitcodiac River Restoration Project to allow for the project's completion.

Motion 37 by Mr. Doucet, seconded by Mr. Kenny to propose the following resolution on Thursday, February 27, 2014:

WHEREAS the Harper government has announced the closure of eight regional Veterans Affairs offices across Canada including two offices in Atlantic Canada; and

WHEREAS the regional offices provide much needed support services to Canadian veterans across the country; and

WHEREAS veterans and many veteran support groups have expressed concern that the move to close these offices and deliver veteran support services on-line and through Service Canada outlets, will result in a significant reduction of service; and

WHEREAS a concern has been raised that the lack of a dedicated service for veterans will result in many veterans having to travel great distances to receive the services and support they require; and

WHEREAS our veterans who have served and sacrificed on behalf of our country deserve to be treated with dignity and respect, and many see this decision by the Harper government as a betrayal of trust;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick unanimously call upon the Harper government to reverse its decision to close the Veterans Affairs regional offices.

Motion 38 by Mr. Collins, seconded by Mr. Boudreau to propose the following resolution on Thursday, February 27, 2014:

WHEREAS on any given day, many animals are subjected to improper care and treatment which causes them to suffer;

WHEREAS a major issue of concern is the tethering of animals for extended periods or in severe weather conditions;

WHEREAS there is also a need to ensure animals have access to adequate food, water and shelter;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the provincial government to bring forward amendments to the *Society for the Prevention of Cruelty to Animals Act* or its regulations to strengthen our animal protection laws and ensure these concerns are addressed.
