GOVERNMENT MOTIONS

Motion 24 by Hon. Mr. Savoie, seconded by Hon. Mr. Higgs to propose the following resolution on Tuesday, December 15, 2020:

THAT in addition to the existing sitting hours prescribed in Standing Rule 29(1) and by Special Order of the House adopted November 18, 2020, the House may sit on Tuesday, Wednesday and Thursday evenings from 7:00 p.m. to 10:00 p.m.

THAT this Special Order shall come into effect on Tuesday, December 15, 2020, and shall remain in effect until Thursday, December 31, 2020.

Motion 82 by Hon. Mr. Higgs, seconded by Hon. Mr. Savoie to propose the following resolution on Tuesday, November 16, 2021:

WHEREAS the Government of New Brunswick has been negotiating collective agreements with Canadian Union of Public Employees (CUPE) bargaining units covering nearly 20,000 employees in the civil service, in schools and in the health care system;

WHEREAS these bargaining units include workers such as court stenographers, highway workers, social workers, correctional officers, educational assistants, school bus drivers, LPNs, and hospital support workers among many others;

WHEREAS the Government of New Brunswick recognizes the important role public service employees play in providing valuable services to New Brunswickers and are committed to working with bargaining units in good faith to reach agreements;

WHEREAS the Government of New Brunswick has demonstrated a commitment to working with CUPE bargaining units to reach a fair deal and on November 4th, CUPE and Government reinstated discussions over possible negotiations;

WHEREAS the Government of New Brunswick offered wage increases of 15 percent over five years, which includes a wage adjustment, to seven of the CUPE locals representing nearly 20,000 employees;

WHEREAS the wage increase of 15 percent over five years includes a two percent a year increase over a five-year period and an annual wage adjustment of 25 cents per hour, representing an additional increase of one percent per year on average;

WHEREAS in part of the agreement from November 4th, CUPE and the Government of New Brunswick would have actuaries review the pensions and create a path forward for the two groups affected;

WHEREAS the offer also includes raising the salary for casuals to 100 percent of the salary paid to permanent staff, representing \$8 Million more in wages for casual workers;

WHEREAS the Government of New Brunswick recognizes the importance of all employees having access to a pension that is sustainable and supports their future;

WHEREAS CUPE Members have not yet had the opportunity to vote on this offer;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly support the Government of New Brunswick to continue to keep the health and safety of New Brunswickers as a top priority during this strike action; and

BE IT FURTHER RESOLVED THAT the Legislative Assembly support CUPE voting on the final and full proposal from the Government of New Brunswick.

Motion 97 by Hon. Mr. Savoie, seconded by Hon. Mr. Higgs to propose the following resolution on Tuesday, March 29, 2022:

THAT unless otherwise provided by Standing Rule or Special Order of the House, the Legislative Assembly adopt the following calendar for meetings of the House in 2022:

GOVERNMENT PRIVATE MEMBERS' MOTIONS

Motion 70 by Mr. Carr, seconded by Mr. Hogan to propose the following resolution on Friday, May 21, 2021:

THAT in addition to the existing sitting hours prescribed in Standing Rule 29(1) and by Special Order of the House adopted November 18, 2020, the House may sit on Tuesday, Wednesday, and Thursday evenings from 7:00 p.m. to 10:00 p.m.

THAT this Special Order shall come into effect on Tuesday, May 18, 2021, and shall remain in effect for the remainder of the First Session of the 60th Legislative Assembly.

Motion 109 by Mr. Carr, seconded by Ms. Bockus to propose the following resolution on Wednesday, June 1, 2022:

WHEREAS the Leader of the Official Opposition publicly stated that the Premier “can take the amount generated through this carbon tax and just give it to New Brunswickers for a period of four months if he wants”;

WHEREAS more weight will be given to this motion by the federal government if given full support by all Members of this Legislative Assembly of New Brunswick;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Federal Government for permission to eliminate the federal carbon tax of 11 cents per litre of gasoline and diesel to provide immediate relief at the pump.

Motion 111 by Mr. Turner, seconded by Mr. Cullins to propose the following resolution on Wednesday, June 8, 2022:

THAT, notwithstanding the Standing Rules of the Legislative Assembly, following the adoption of this motion, there shall be 50 hours allocated for the proceedings at all stages of the passage of Bills 89, 96, 99, 103, 105, 106, 108, 110, 113, 114, 117 and 118 which shall include the hours spent considering said Bills from May 10, 2022, and onward, and at the expiration of the said 50 hours, unless sooner concluded, the Speaker, or the Chair of the Standing Committee on Economic Policy as the case may be, shall interrupt the proceedings and put every question necessary to dispose of the order for second reading of the said Bills; the order for consideration of the said Bills in committee and report of the Bills to the House; and the order for third reading and passage of the said Bills; and where necessary, the said Bills shall be allowed to advance more than one stage in one day;

THAT, notwithstanding the expiry of the said 50 hours, there shall be, if necessary, 20 minutes allocated at committee stage for the consideration of any of the said Bills, if requested by the Government House Leader.

CONCLUDED

Motion 89 by Mr. Hogan. Debated December 9 and 10, 2021, and carried December 10, 2021.

Motion 94 by Mr. Hogan. Debated and carried December 16, 2021.

OPPOSITION MEMBERS' MOTIONS

Debatable Motions

Motion 5 by Ms. Thériault, seconded by Mr. D'Amours to propose the following resolution on Thursday, November 26, 2020:

WHEREAS the various communities that make up New Brunswick are committed to the preservation and development of their respective cultural identities;

WHEREAS countries are becoming more and more economically integrated and it is all the more important that cultural communities be able to preserve their identity and a strong sense of belonging;

WHEREAS entrepreneurs in the book chain such as bookstores and publishers in New Brunswick play a fundamental role in the development of the book industry and literacy in New Brunswick;

WHEREAS the Canadian Free Trade Agreement adopted in 2017 includes Article 809, which constitutes a cultural exception that allows for the adoption and maintenance of programs and policies favouring the distribution and development of artistic expression or content;

WHEREAS all international trade agreements signed by Canada provide exceptions for cultural industries;

WHEREAS entrepreneurs in the book chain are suffering the financial consequences of the COVID-19 pandemic and no additional assistance is currently provided to them by the provincial government;

WHEREAS stakeholders in the cultural industry have been calling for the implementation of a book purchasing policy since the adoption of the New Brunswick Book Policy in 2009;

WHEREAS a book purchasing policy would make it possible to consolidate the local book chain and foster the development of reading of works produced in New Brunswick;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to develop and implement a book purchasing policy requiring institutional purchasers, including government departments and agencies, school districts, schools and agencies under their jurisdiction, and public libraries, to acquire books from New Brunswick independent bookstores and publishing houses.

Motion 6 by Ms. Thériault, seconded by Mr. Gauvin to propose the following resolution on Thursday, November 26, 2020:

WHEREAS the direct contribution of cultural industries to New Brunswick's GDP was \$550,379,000 in 2017;

WHEREAS the number of jobs related to culture in New Brunswick was 7,750 in 2017;

WHEREAS the typical artist had a median income of \$24,200 in 2016, an amount that is 38% less than the median income of the New Brunswick labour force, which is \$38,800;

WHEREAS there is no legislation on the status of the professional artist in New Brunswick and no body to assess and define the legal status of artists, resulting in a lack of recognition of status and the existence of glaring socio-economic inequalities for those in the profession;

WHEREAS most artists do not have access to employment insurance, health insurance, measures covering business risks and fluctuating income, workplace safety insurance or retirement on comparable terms as other professionals;

WHEREAS current programs covering benefits, employment insurance and pension plans are employee-based and do not take into account the realities of the artistic profession such as invisible work, which includes research and creation;

WHEREAS improving the socio-economic conditions of artists requires a link between the governments of New Brunswick and Canada, particularly with respect to: social benefits such as the pension plan; tax measures that take into account annual fluctuations in income, such as income averaging, exemptions on royalties and creation grants; measures related to remuneration and underemployment, such as a guaranteed annual income or employment insurance better adapted to self-employed workers and taking into account invisible work and the periodicity of earnings; measures providing for sick, parental or compassionate leave;

WHEREAS the Premier's Task Force on the Status of the Artist was established in July 2014 and is expected to report shortly;

BE IT RESOLVED THAT the Legislative Assembly urge government to commit to the adoption of a Status of the Artist Act that is not merely declaratory but that contains concrete measures to substantially improve the socio-economic status of professional artists;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to establish, following the tabling of the report of the Premier's Task Force on the Status of the Artist, a Standing Committee on the Status of the Artist under the Office of the Premier to be responsible for the implementation of all of the report's recommendations, including those calling for a link between the provincial and federal governments;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to put in place, following the tabling of the report of the Premier's Task Force on the Status of the Artist, a timeline for the implementation of the recommended government measures to cover all of the economic and social risks associated with the artistic profession, including those that call for a link between the provincial and federal governments.

Motion 7 by Mr. McKee, seconded by Mr. Landry to propose the following resolution on Thursday, November 26, 2020:

WHEREAS the Mental Health Court offers an alternative for offenders with mental health issues;

WHEREAS this program is widely praised by mental health advocates for its focus on community treatment as opposed to incarceration or other penalties;

WHEREAS the Mental Health Court program was developed based on best practices in other jurisdictions and informed by research;

WHEREAS the Gallant Government reinstated the Mental Health Court through the Provincial Court system in Saint John with plans to expand Mental Health Court services throughout the province;

WHEREAS there is a need to expand the Mental Health Court program to other regions of the province so that more offenders with mental health issues can avail themselves of this invaluable service for addressing their mental health needs;

WHEREAS other provinces including our neighbouring province of Nova Scotia have recognized the benefits of having a Mental Health Court and have made a commitment to expanding availability;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to expand the Mental Health Court program throughout the province and announce a specific time frame for doing so.

Motion 8 by Mr. Gauvin, seconded by Ms. Thériault to propose the following resolution on Thursday, November 26, 2020:

WHEREAS there is an alarming lack of affordable housing in many areas of the province and the situation is getting worse;

WHEREAS increased demand for rental units has resulted in significant increases to monthly rents for many people who cannot afford it;

WHEREAS there is insufficient subsidized housing to meet the demand;

WHEREAS chronic homelessness is a serious social problem that must be addressed;

WHEREAS, in 2018, the previous Liberal government signed a 10-year \$300-million cost-shared agreement with the federal government to tackle the issue of affordable housing;

WHEREAS this agreement provided for a pathway to protect, renew, and expand social and community housing;

WHEREAS municipalities like the City of Moncton have indicated that they are prepared to partner with the community and the province to make significant investments in social housing and support community housing initiatives like the Rising Tide project;

WHEREAS there have been two years of inaction by the Higgs government in addressing this serious issue that is a threat to the safety and security of many New Brunswickers who desperately need affordable housing;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government of New Brunswick to provide its share of the funding under the federal-provincial housing agreement and make affordable housing a priority;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government of New Brunswick to partner with municipalities and community housing organizations to provide funding support for community housing initiatives.

Motion 9 by Ms. Landry, seconded by Mr. Legacy to propose the following resolution on Thursday, November 26, 2020:

WHEREAS, as a result of the Climate Change Fund, the province is receiving significant tax revenues of over \$128 million for the 2020-21 fiscal year, which includes \$83 million going into general revenues;

WHEREAS, unlike the federal government, the province of New Brunswick has decided not to rebate the monies received through the federal carbon pricing plan to consumers;

WHEREAS, although certain tax revenues are being used to offset increases in excise taxes on gasoline and natural gas, there are additional tax revenues that could be used for funding climate change measures such as energy efficiency initiatives;

WHEREAS energy efficiency programs help businesses and consumers reduce energy consumption costs, support local business suppliers, and create jobs;

WHEREAS energy efficiency programs contribute to fighting the impacts of climate change:

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to direct that all additional carbon pricing revenues beyond those used to offset fuel prices be used to create a comprehensive energy efficiency and retrofit program for businesses and residential property owners and any excess be directed to other climate change initiatives.

Motion 10 by Mr. LePage, seconded by Mr. McKee to propose the following resolution on Thursday, November 26, 2020:

WHEREAS we are fortunate that many New Brunswick businesses are able to stay open despite the COVID-19 pandemic, many of which are seeing their revenues reduced significantly and are struggling to survive;

WHEREAS the Government of New Brunswick has provided very little support for businesses, compared to other provinces;

WHEREAS generous business support programs provided by the federal government such as the wage subsidy program have helped many businesses survive that might otherwise have had to close or downsize significantly;

WHEREAS many New Brunswick businesses are worried about how they will survive when the federal subsidies are no longer available;

WHEREAS, unlike the federal business support programs and those of other provinces, the meagre business support programs provided by the Government of New Brunswick are non-forgivable loans that merely add to the debt of a business and put it at further risk;

WHEREAS the Government of New Brunswick has not even provided financial support to help businesses pay for the cost of personal protective equipment for their employees or to offset the costs they have incurred to modify their business premises to accommodate health and safety requirements imposed under the Emergency Order;

WHEREAS small and medium-sized businesses and the jobs they provide are crucial to our economy and are deserving of needed support;

BE IT THEREFORE RESOLVED THAT the Legislature urge the Government of New Brunswick to bring forward a more comprehensive program of financial support to help New Brunswick businesses survive the pandemic.

Motion 11 by Mr. LePage, seconded by Mr. Mallet to propose the following resolution on Thursday, November 26, 2020:

WHEREAS there are many areas within New Brunswick that do not have adequate access to high-speed Internet;

WHEREAS access to high-speed Internet is crucial for many businesses and the lack of high-speed Internet creates an economic disadvantage for them in communities where it is not available;

WHEREAS access to high-speed Internet is also vital for individuals and communities;

WHEREAS the previous Liberal government invested \$10 million in high-speed Internet and was committed to ensuring all areas of the province would have access to high-speed Internet;

WHEREAS, as a result of COVID-19, many students in our regular school program have had to access learning programs remotely, and there is a risk that, in the event of a further outbreak requiring the closure of schools, they and probably more students may have to do so again;

WHEREAS parents of students living in areas without access to high-speed Internet have expressed concern about the educational disadvantage faced by their children;

WHEREAS many post-secondary institutions have moved to an online platform to deliver their education and training programs and postsecondary students require access to high-speed Internet;

WHEREAS many New Brunswickers are now asked to work from home and thus need access to high-speed Internet;

WHEREAS many health services, including doctors' visits, are increasingly being delivered virtually as a result of the health and safety restrictions associated with the pandemic;

WHEREAS individuals, businesses, and communities in mostly rural areas of the province deserve access to high-speed Internet;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to make access to high-speed Internet for all areas of the province a top priority;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to invest in the necessary infrastructure to ensure access to high-speed Internet.

Motion 12 by Mr. LePage, seconded by Mr. K. Chiasson to propose the following resolution on Thursday, November 26, 2020:

WHEREAS, as a result of the pandemic, there have been significant job losses including layoffs at WestJet, Mount Allison University, Air Canada, the Atlantic Lottery Corporation, and Caribou Mine;

WHEREAS many small businesses all over the province have also suffered as a result of the pandemic which caused reduced business revenues;

WHEREAS other provinces are announcing programs to spur economic recovery with strategic infrastructure investments;

WHEREAS the Higgs government has made very few infrastructure investments under the Canada-New Brunswick Infrastructure Agreement signed by the previous Liberal government;

WHEREAS, unlike other premiers, Premier Higgs has indicated that he is not interested in the new federal-provincial infrastructure program that provides an even more generous cost-sharing structure for provinces;

WHEREAS there are many worthwhile and beneficial infrastructure projects that would create jobs and spur economic growth at a time when we should be focused on economic recovery;

WHEREAS there are many critical municipal infrastructure needs that could be addressed through the proposed federal-provincial infrastructure program;

WHEREAS, not only will strategic infrastructure investments create jobs and spur economic growth, these investments will help address serious issues like the challenge of climate change, and avoid future costs;

WHEREAS, if New Brunswick does not make strategic infrastructure investments, economists predict that economic recovery will be slow and other provinces will recover at a much faster rate;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Government of New Brunswick to recognize the importance of economic recovery and take advantage of the federal-provincial infrastructure program by making strategic infrastructure investments throughout the province a top priority.

Motion 13 by Mr. Bourque, seconded by Mr. LePage to propose the following resolution on Thursday, November 26, 2020:

WHEREAS the pandemic has created considerable challenges for the daycare sector;

WHEREAS, as a result of the pandemic, licenced daycares must implement health and safety measures that add additional expenses, including extra staffing;

WHEREAS, as a result of this additional cost burden, many daycare operators are struggling to keep their businesses open;

WHEREAS having access to daycare services is critical for many parents, including health care workers;

WHEREAS the New Brunswick government has not stepped up to assist licenced daycares;

WHEREAS, without additional support, there is a risk that many licenced daycares may have to close;

BE IT RESOLVED THAT the Legislative Assembly urge the government to put a support program in place to support licenced daycares which includes financial support to New Brunswick daycare operators.

Motion 16 by Mr. Bourque, seconded by Mr. Landry to propose the following resolution on Thursday, November 26, 2020:

WHEREAS New Brunswick adopted the *Official Languages Act* in 1969, before Canada had even adopted an official languages act;

WHEREAS New Brunswick is the only officially bilingual province in Canada;

WHEREAS the House of Commons and the Senate of Canada both have standing committees on official languages;

WHEREAS the New Brunswick *Official Languages Act* contains a requirement that it be reviewed every 10 years;

WHEREAS the *Official Languages Act* is exceptional in that it prevails over all New Brunswick acts and regulations;

BE IT RESOLVED THAT the Legislative Assembly urge the government to establish a standing committee on official languages;

BE IT FURTHER RESOLVED THAT this committee enable its members, among other things, to play an active role in the review and the implementation of the *Official Languages Act* and *An Act Recognizing the Equality of the Two Official Linguistic Communities in New Brunswick*, in the 10-year review of the *Official Languages Act*, and in the review of reports from the Commissioner of Official Languages;

BE IT FURTHER RESOLVED THAT no party have a majority of members on this committee to ensure that no current or future government can make unilateral decisions regarding official languages.

Motion 19 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, December 17, 2020:

WHEREAS the COVID-19 pandemic is creating a great deal of uncertainty for anyone who is forced to move out of their apartment, especially in orange zones;

WHEREAS Nova Scotia instituted a rent cap of 2% for existing tenants, retroactive to September 1, 2020, that will remain in place until February 2021 or the state of emergency is lifted, whichever comes first;

WHEREAS Nova Scotia has banned renovations until February 2021 or when the state of emergency is lifted, whichever comes first;

WHEREAS renters in New Brunswick are facing similar problems to those in Nova Scotia due to a low vacancy rate;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to put a cap on rental increases;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to ban lease terminations due to renovations, also known as renovations, until February 2021, or when the state of emergency in New Brunswick is lifted, whichever comes first.

Motion 23 by Mr. Melanson, seconded by Mr. Arseneault to propose the following resolution on Thursday, December 17, 2020:

WHEREAS the Legislative Administration Committee (LAC) is responsible for the administration, operation, management, maintenance, and control of the Legislative Building, the Legislative Library, and other lands, buildings, and facilities connected with the Legislative Assembly;

WHEREAS the committee, chaired by the Speaker, is also responsible generally for all matters relating to the Legislative Assembly and to the Members of the Legislative Assembly;

WHEREAS the meetings of the Legislative Administration Committee are held in camera without access by media and the public;

WHEREAS there is need for greater openness and transparency with respect to the affairs of the Legislative Assembly and the deliberations of its elected members;

WHEREAS, although there are discussions on certain matters before LAC that require confidentiality, including human resource issues, much of the business of LAC could be discussed in an open forum;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Speaker to work with the Clerk of the Legislative Assembly to bring forward a plan for greater openness and transparency by the Legislative Administration Committee.

Motion 26 by Mr. Melanson, seconded by Mr. Arseneault to propose the following resolution on Thursday, December 24, 2020:

WHEREAS 49 MLAs represent the interests of their constituents throughout the province in the Legislative Assembly;

WHEREAS every Member of the Legislative Assembly should have the opportunity to participate fully in the business of the Legislative Assembly;

WHEREAS, as a result of the COVID-19 pandemic, under the guidance of Public Health and Public Safety, the province has enacted an Emergency Order that imposes certain restrictions on gatherings which may vary from one region of the province to another based on outbreaks of the virus;

WHEREAS parliamentary bodies have had to adapt to the new reality of COVID-19 and modify the rules for participation by elected members in the affairs of Parliaments and/or Legislative Assemblies;

WHEREAS the technology is available to permit all elected members to participate in the affairs of the Legislative Assembly remotely through virtual participation;

WHEREAS the Parliament of Canada and other Legislative Assemblies have adopted the use of technologies that provide for virtual participation;

WHEREAS the New Brunswick Legislative Assembly has not adapted the use of technology for virtual participation for routine proceedings;

WHEREAS, given the ongoing threat of COVID-19, some Members of the Legislative Assembly may be reluctant to attend the Legislative Assembly out of concern for themselves and others;

WHEREAS a Member of the Legislative Assembly who might not be in favour of virtual technology should not be able to subvert the will of the Legislative Administration Committee whose members are supportive of using the technology for virtual sittings of the Legislative Assembly;

WHEREAS the Standing Committee on Economic Policy met and agreed to use virtual technology that would permit elected members to participate remotely;

WHEREAS the technology is available, has been tested, and can be put in operation right away;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Speaker to ensure that technology is immediately adopted in the Legislative Assembly that allows for virtual participation in the affairs of the Legislative Assembly.

Motion 29 by Mr. Melanson, seconded by Mr. LePage to propose the following resolution on Thursday, February 18, 2021:

WHEREAS the COVID-19 pandemic has had a significant negative impact on New Brunswick businesses and the economy;

WHEREAS a new report by the Canadian Federation of Independent Business indicates that one in four small and medium-sized businesses in New Brunswick is at risk of closing;

WHEREAS the report further indicates that the findings in New Brunswick were among the worst in the country;

WHEREAS, in response to concerns about the state of businesses, Fredericton Chamber of Commerce CEO Krista Ross, expressing the need for business support and concern about austerity, wrote in an op-ed on January 28, 2021, that the first order of business must be “*supporting the businesses that are here now, that have been hanging on by an increasingly fraying thread this past year*”;

WHEREAS economist Richard Saillant wrote in an article January 15, 2021, entitled “Higgs deficit obsession threatens New Brunswick’s recovery”: “*New Brunswick, meanwhile is doing much less to support its people, businesses and communities*” and “*Yet there is little to suggest that Higgs has a credible plan to ensure a successful recovery*”;

WHEREAS economist Herb Emery, in an article featured in *Huddle* on May 10, 2020, warned that “For New Brunswick, a province that was struggling before the pandemic, the outbreak is exacerbating existing economic issues”;

WHEREAS a recent opinion piece in *L’Acadie Nouvelle* on June 3, 2020, recognized that New Brunswick will need to rely more on its resources in the years to come and there must be a focus on economic growth;

WHEREAS economists like Donald Savoie have indicated publicly that we need to invest in growth areas like the food industry to transform our economy;

WHEREAS, in a *L’Acadie Nouvelle* article dated January 15, 2021, economist Pierre-Marcel Desjardins, comparing the significant investments being made by other provinces, echoed the concerns of OECD economist Laurence Boone about the dangers of fiscal rigour at this time and the need for stimulus investments;

WHEREAS an increasing number of business leaders and economists are echoing a concern about the lack of business support and investment in New Brunswick, the lack of a plan for economic growth, and a preoccupation by the Premier with cuts and budget tightening;

WHEREAS the Premier has gutted ONB, which played a key role in job creation;

WHEREAS the Higgs government ranks dead last in provincial support for the private sector;

WHEREAS, unlike other provinces, New Brunswick is not taking advantage of significant cost-shared infrastructure and program funding being offered by the federal government;

WHEREAS the provincial government has not brought forward an economic recovery plan with a focus on business support and economic growth;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to introduce, as soon as possible, an economic recovery plan that builds on the innovative products, services, and business practices born of necessity and of New Brunswick ingenuity to boost our economic growth potential;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to focus the plan on bold ideas focused on exports and domestic opportunities, tourism and hospitality, addressing our labour shortage through training and population growth, housing, supply chain management, food security, green economy, advanced manufacturing, transportation, infrastructure, information technology, cybersecurity, and research and development, supported by strategic investments in partnership with government and the private sector;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to make New Brunswick’s economic recovery plan inclusive of women, newcomers, and Indigenous communities.

Motion 30 by Mr. Arseneault, seconded by Mr. Melanson to propose the following resolution on Thursday, February 18, 2021:

WHEREAS the legislative branch of government is independent from the executive branch of government;

WHEREAS, despite this independence, it is the Executive Council that ultimately nominates Legislative Officers when a vacancy occurs or an office is created;

WHEREAS there is a growing chorus of voices that suggest that in order to avoid conflicts of interest, the appointment process for Legislative Officers should be independent of the Executive Council;

WHEREAS Brent White, an Associate Professor at Mount Allison University and former auditor with the provincial Auditor General, recently released a dissertation calling for changes to the selection process for the next Auditor General to foster public confidence in the appointment process;

WHEREAS, in 2010, Queen's University Business Professor Steven Salterio raised similar concerns;

WHEREAS the Premier has moved to consolidate power in the Executive Council Office, raising even greater concerns about the need for independence in the selection process;

WHEREAS there is a need to maintain public confidence in the selection process for Legislative Officers;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to review the selection process for Legislative Officers and bring forward a revised selection process that is independent of the Executive Council.

Motion 47 by Mr. Austin, seconded by Ms. Conroy to propose the following resolution on Thursday, February 18, 2021:

WHEREAS there are approximately 26,000 small businesses in New Brunswick;

WHEREAS the small business tax rate in New Brunswick is 2.5% and the general rate is 14%;

WHEREAS New Brunswick is one of Canada's most open provinces, with CFIB indicating that 67% of small businesses in the province are fully open and 24% of those have normal sales;

WHEREAS dozens of Chambers of Commerce agree that a reduced tax would be of great benefit to small businesses and would assist them through the difficulties they are facing and would allow them to continue operating;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to eliminate the Corporate Income Tax on small business during the state of emergency.

Motion 48 by Ms. Conroy, seconded by Mr. Austin to propose the following resolution on Thursday, February 18, 2021:

WHEREAS in New Brunswick there is an urgent need to reduce healthcare wait times;

WHEREAS optometrists have indicated a willingness to take an expanded role to ease the backlog and to improve wait times;

WHEREAS these organizations have stated that billing for these services will remain with third party insurance companies and/or direct patient billing;

WHEREAS this will not place an added financial burden on the provincial Medicare system;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Minister of Health and the Government of New Brunswick to take immediate action to expand the scope of optometry to include treatment of glaucoma and oral medications for eye conditions.

Motion 50 by Mr. Gauvin, seconded by Mr. Melanson to propose the following resolution on Thursday, March 25, 2021:

WHEREAS, in January 2017, a 10-year aging strategy entitled *We are all in this together: An Aging Strategy for New Brunswick* was released;

WHEREAS the strategy was created under the *Healthy Aging and Long-term Care Act* which provides for the creation of an Aging Secretariat with certain responsibilities including tracking actions under the strategy;

WHEREAS the Auditor General undertook a review of the aging strategy and the progress made in implementing the action items contained in the strategy;

WHEREAS the Auditor General found that the Department of Social Development had failed to set targets for the initiative “Access to care and services” which was designed to improve access to adequate care for seniors;

WHEREAS the Auditor General further found that the department had failed to develop an implementation plan for the aging strategy;

BE IT RESOLVED THAT the Legislative Assembly urge the government to set specific targets for its “Access to care and services” initiative;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to develop an implementation plan for the aging strategy with clear objectives, performance indicators for success, relevant program inputs and outputs required to achieve action items, a progress monitoring plan, and a timeline for when and how results will be reported.

Motion 55 by Mr. Austin, seconded by Ms. Conroy to propose the following resolution on Thursday, March 25, 2021:

WHEREAS Lexi Daken’s tragic case is not an isolated incident, as there are many health zones with many cases;

WHEREAS the demand for mental health services in New Brunswick has seen a dramatic jump in the past five years with 117,000 people receiving help from CMHA in New Brunswick through online services from April to December 2020;

WHEREAS New Brunswick provides between 4% and 7% of the public health care budget to mental health;

WHEREAS CMHA has been advocating for mental health parity with physical health care resources, but no government has yet raised the mental health care budget;

WHEREAS mental health problems manifest physically in the body and, too often, doctors and nurses in the ER do not have sufficient training in mental health to identify the signs and provide the care these people need;

WHEREAS low to moderate cases are placing a huge strain on the health system and the ER is not the best place for people with mental health illness to go;

WHEREAS, before COVID-19, 2% of New Brunswickers had suicidal thoughts, in April 2020 that number increased to 6%, and, in the fall of 2020, that number jumped to 10%;

WHEREAS, in 2018, suicide was the leading cause of death among male youth aged 15 to 19 and was the second leading cause of death among female youth in Canada;

WHEREAS there are over 100 suicides in New Brunswick each year, and New Brunswick has a higher suicide rate per capita than any other province (particularly among men);

WHEREAS 70,000 people in New Brunswick do not have a family doctor, thus ending up at the ER, and the current wait time for specialists such as psychiatrists through the province is 12 months;

WHEREAS approximately 40% of those people who use virtual healthcare to see doctors and nurse practitioners online (allowing people to be assessed quickly) do not have a family doctor;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government of New Brunswick to issue a directive for both the Horizon and Vitalité Health Authorities that no minor will be turned away when presenting themselves at any Department of Health facility without being properly evaluated for their mental health concerns.

Motion 56 by Mr. Austin, seconded by Ms. Conroy to propose the following resolution on Thursday, March 25, 2021:

WHEREAS rural hospitals face unit closures or shutdowns for periods of time due to staffing shortages;

WHEREAS New Brunswick health authorities are unable to recruit enough doctors to address the need of countless people who are waiting for a family physician;

WHEREAS nurses who take 811 calls cannot diagnose or treat people who call NB tele-care;

WHEREAS virtual healthcare allows patients to see doctors and nurse practitioners online providing access, diagnosis, and treatment quickly without patients leaving their home;

WHEREAS the mental health crisis, overcrowded emergency rooms, and doctor shortages are among the many issues the province's broken healthcare system could address through a virtual care model;

WHEREAS other jurisdictions throughout North America have had success with various virtual care models including 20 hospitals in Canada using some form of virtual care in their ER departments;

WHEREAS since 2020, the eVisitNB virtual healthcare platform had over 13,000 visits to its platform from people who are being seen by doctors and nurse practitioners currently working in the province when they are available.

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Government of New Brunswick to expand the use of virtual care in emergency rooms, rural clinics, and any other healthcare facility under the Department of Health as well as promoting access to virtual care availability for patients outside these facilities;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to give the virtual care model equal remuneration to that of in person visits as it relates to Physician and Nurse Practitioner billing.

Motion 57 by Ms. Conroy, seconded by Mr. Austin to propose the following resolution on Thursday, March 25, 2021:

WHEREAS the Auditor General's Report indicated the number of New Brunswick seniors aged 75 and older will double by 2036;

WHEREAS nursing home waitlists continue to grow, and there continue to be long wait times for nursing home placements, thus creating added pressure and costs for hospitals as about half of those seniors are waiting in hospitals;

WHEREAS, as indicated in the 2011-16 Nursing Home Renovation and Replacement Plan (as of November 2020), of the 704 specialized memory care beds to be added, only 428 were completed and 276 were not;

WHEREAS the New Brunswick Nurses Union has called on government to order an independent inquiry into the long-term care sector, citing increasing severity of several issues, including low staffing ratios, residents going without basic personal care, and an increase in violence;

WHEREAS the Department of Social Development has produced a 2011-2016 Nursing Home Renovation and Replacement Plan, a 2018-2023 Nursing Home Plan and a 10-year Aging Strategy in collaboration with other stakeholders and, also taking into consideration the

Department of Finance and Treasury Board's financial analysis of the nursing home delivery model, the Department of Social Development has failed to address the nursing home capacity demand;

WHEREAS the Auditor General made the recommendation in the 2016 Auditor General Report that the Department of Social Development evaluate whether there is an economic benefit to providing nursing home beds under the for-profit model versus the traditional model, and the recommendation has not been implemented;

WHEREAS the Department of Social Development needs to compare actual costs and overall quality of service to determine if the for-profit operated model has more economic benefit than the traditional model;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Department of Social Development to initiate and release a report on the comparison of actual costs of providing nursing home services under the for-profit model versus the traditional public model, and, in addition, do a detailed comparison of quality of service between the two models.

Motion 63 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, April 1, 2021:

WHEREAS, in 2018, 579 sexual assaults were reported to the police in New Brunswick;

WHEREAS, according to Statistics Canada, New Brunswick has seen a 27% increase in sexual assaults reported to the police since 2012;

WHEREAS the number of people charged with sexual assault in New Brunswick has dropped from 53.2% to 36.3% since 2012;

WHEREAS 87% of sexual assault victims in New Brunswick were women, and almost half of these victims were under the age of 18;

WHEREAS a *Globe and Mail* article published in February 2017 entitled *Will the Police Believe You?* found that Canada's national average of unfounded complaints for reported sexual assault was 32% in New Brunswick, the highest in Canada;

WHEREAS, in Canada, Indigenous women are three times more likely to experience sexual assault;

WHEREAS people who identify as lesbian, gay, and bisexual are twice as likely to report experiencing violent victimization compared to those who identify as heterosexual;

WHEREAS 61% of trans youth surveyed in Atlantic Canada aged 14-18 reported they had experienced sexual harassment within the past year;

WHEREAS sexual violence can have long-lasting impacts on survivors, being linked to mental health difficulties, including depression and PTSD, feelings of shame, self-blame, fear, and distressing memories of the experience;

WHEREAS the New Brunswick Women's Council advises that the government increase funding for preventing and responding to sexual violence and improve police response to sexual violence;

WHEREAS, in 2019, 71% of students in Canadian post-secondary institutions witnessed or experienced unwanted sexualized behaviours in a post-secondary setting;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to fully implement and fund the recommendations and actions in *Preventing and Responding to Sexual Violence in New Brunswick: A Framework for Action*;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to examine the gaps in victims services provision through the Department of Justice and Public Safety, to identify and address gaps, especially in relation to where the crime occurred;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to increase funding for frontline services, including transition houses, and increase funding for trauma-informed support services, including access for all public post-secondary campuses;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to adopt legislation requiring standalone campus violence policies for all publicly-funded universities and including provisions ensuring student involvement in the drafting and amending process, as well as built in metrics to guarantee the clarity of the reporting structure at each institution.

Motion 64 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, May 20, 2021:

WHEREAS no worker should fear losing their job as a result of getting ill or having to take care of a family member;

WHEREAS the pandemic has made it clear that minimum wage workers do essential work in our communities and do not receive a fair wage for it;

WHEREAS workers who work overtime in New Brunswick are only required to receive overtime pay at one and a half times the minimum wage, and not one and a half times their wage;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to give all workers access to 5 paid sick days and 10 additional emergency days, if required due to a health pandemic or other emergency situation;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to commit to increasing the minimum wage to \$13 an hour by April 1, 2022, and to \$15 an hour by April 1, 2023;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to ensure that workers receive overtime pay of one and a half times their wage.

Motion 65 by Mr. Austin, seconded by Ms. Conroy to propose the following resolution on Thursday, May 20, 2021:

WHEREAS over 5 million cubic meters of New Brunswick Crown wood is utilized in the New Brunswick forest industry annually;

WHEREAS the taxpayers of New Brunswick pay to manage this land from budget items including \$19 million dollars for Crown land silviculture and an additional \$20 million of taxpayers dollars for forest management fees to private companies;

WHEREAS the price of finished forest products, according to *Madison's Lumber Report*, have risen from \$450 US per 1000 board feet to over \$1,600 US in 2021 for eastern spruce/fir lumber;

WHEREAS the New Brunswick Government has changed regulations to restrict the use of unstamped lumber in construction projects across the province that has been successfully used for centuries in our province across rural New Brunswick in buildings that are still standing to this day;

WHEREAS the New Brunswick Government has only provided a temporary, stop-gap interim measure to address this growing and costly situation;

WHEREAS the price of finished lumber across the province at all lumber warehouses has correspondingly increased to nearly 4 times their former prices for materials used in our construction industry, which is presently derailing investment and construction of commercial and residential properties;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Government of New Brunswick to convene immediately a task force/working group to brainstorm ideas and remedies within the next 60 days to address this current situation.

Motion 67 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, May 20, 2021:

WHEREAS a single recipient on transitional assistance receives \$564 a month;

WHEREAS the Common Front for Social Justice found that the minimum monthly cost of living in Moncton ranges from \$1,262 to \$1,302 a month for a single person;

WHEREAS a single recipient on the extended benefit program receives \$697 a month;

WHEREAS the Common Front for Social Justice found that the minimum monthly cost of living for a single mobility impaired person in Moncton ranges from \$1,368 to \$1,408;

WHEREAS a family of four on transitional assistance receives \$995;

WHEREAS the Human Development Council found that a monthly income of \$5,932 is needed for a family of four in Fredericton to meet their needs, compared to \$5,744 in Saint John, \$5,556 in Moncton, and \$5,431 in Bathurst;

WHEREAS, subject to specific exemptions, the government currently does not allow individuals on social assistance to share accommodations;

WHEREAS the government's wage exemption regulation discourages social assistance recipients from accepting work for more than a few hours per month;

WHEREAS the government currently forces seniors on social assistance to collect their Canada Pension Plans at age 60, resulting in a reduced pension;

WHEREAS work income, disability pension, and survivor benefits are clawed back from social assistance recipients;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to amend the *Family Income Security Act* Regulation 95-61 to increase the allowable income through work they can keep from \$150 per month to \$500;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to end the Household Income Policy;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to immediately increase social assistance rates to reduce the number of people living in poverty;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to pursue a basic income guarantee pilot for New Brunswickers living with disabilities with the participation of the federal government.

Motion 68 by Mr. Arseneau, seconded by Ms. Mitton to propose the following resolution on Thursday, May 20, 2021:

WHEREAS it is estimated that Canadian companies avoid paying at least \$6 to \$8 billion in Canadian income taxes annually;

WHEREAS, in 2016, Statistics Canada reported that the Irving companies were owned by eight offshore holding companies based in Bermuda, a known tax haven with a 0% corporate income tax rate;

WHEREAS, in 2018, it was reported that Service New Brunswick and the Department of Finance were working on a beneficial ownership registry for New Brunswick;

WHEREAS, during question period on December 19, 2019, the Premier said that the government "is considering beneficial ownership amendments within the context of the potential modernization of the *Business Corporations Act*";

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to ban financial assistance to any companies that are known to use tax havens as a means of avoiding paying New Brunswick or Canadian income taxes;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to table legislation to implement a publicly accessible beneficial ownership registry by December 31, 2021.

Motion 69 by Mr. Coon, seconded by Mr. Arseneau to propose the following resolution on Thursday, May 20, 2021:

WHEREAS climate change is already having negative impacts in New Brunswick and, if not addressed, will have devastating effects on all aspects of the province's environment, economy, and society;

WHEREAS the sector of transportation is currently one of the largest contributors to New Brunswick's greenhouse gas emissions, responsible for 28% of the total greenhouse gas emissions;

WHEREAS in New Brunswick cars and trucks burn more than 1.1 billion liters of gasoline each year, emitting more than 2.5 million tonnes of carbon dioxide into the atmosphere;

WHEREAS switching to an electric vehicle can lessen the contribution to climate change, extreme weather events, and smog related health problems by reducing carbon dioxide emissions by approximately 80%;

WHEREAS the government has failed to meet New Brunswick's Climate Change Action Plan target of having 2,500 electric vehicles on the road, and currently has approximately 730 electric vehicles on the road;

WHEREAS the government has failed to implement an electric vehicle strategy that specifies the required incentives, regulations, policies, programs, and charging infrastructure to achieve provincial targets for electric vehicles;

WHEREAS the province of Nova Scotia has announced incentives of \$3,000 for the purchase of a new electric vehicle and \$2,000 for the purchase of a used electric vehicle, in addition to the federal rebate;

WHEREAS the province of Prince Edward Island has announced a similar rebate consisting of \$5,000 for the purchase of a new or used electric vehicle;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to offer rebates for purchasing new and used electric vehicles to meet the provincial target of having 20,000 electric vehicles on the road by 2030;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to collaborate with municipal and local governments to expand cleaner alternative transportation options such as electric vehicles, public transit, carpooling, ride-sharing, bicycling, and walking;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to advance public transportation planning at the regional level to allow for route integration and improvements in access.

Motion 71 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, May 27, 2021:

WHEREAS the mental health care system in New Brunswick is failing to meet people's needs due to long waitlists, access issues, and underfunding;

WHEREAS the COVID-19 pandemic has intensified feelings of stress and anxiety, causing alarming levels of despair, suicidal thought, and hopelessness in New Brunswick's population;

WHEREAS there are challenges to access mental health services in New Brunswick, where wait times can last from 6 to 18 months for service;

WHEREAS suicide remains the second leading cause of death in Canada among young people aged 15 to 24, and New Brunswick has the highest suicide rate per capita in Canada;

WHEREAS the Office of the Child and Youth Advocate recognized that New Brunswick is lacking an effective provincial strategy for youth suicide prevention;

WHEREAS the Canadian Mental Health Association of New Brunswick estimates that the percentage of the provincial population having suicidal or self-harm thoughts has increased from about 2% to 10% in the last year;

WHEREAS the Canadian Mental Health Association recommends increasing mental health spending to 9% of the total health budget, yet the provincial government has allotted in its 2021-2022 budget only 5.5% of the total health budget;

WHEREAS the Legislative Assembly urged the government for the creation of the Mental Health Advocate in 2019, and yet this position has not been created;

WHEREAS there is a chronic shortage of registered school psychologists, with 23 of 38 funded positions in the Anglophone sector vacant and 14 of 38 funded positions in the Francophone sector vacant;

WHEREAS ongoing staff shortages forced the four-bed Inpatient Youth and Wellness Unit at the Moncton Hospital to merge with the Provincial Child and Adolescent Psychiatric Unit, bringing the total number of beds for youth in crisis from 10 down to 6;

WHEREAS a central system of governance for the Integrated Service Delivery (ISD) program would ensure that the sharing of information and financial resources among the ISD partners flow in a timely manner to properly address a child's need;

WHEREAS the death of 16-year-old Lexi Daken, who committed suicide after waiting in an emergency room for over 8 hours to see a psychiatrist and never saw one, has sparked calls for the New Brunswick government to transform the mental health care system, specifically on how it is being delivered to young people;

WHEREAS, as a response to the mental health and addiction crisis in New Brunswick, the provincial government has launched a 5-year Inter-Departmental Mental Health and Addiction Action Plan, which will establish 14 mental health clinics across the province;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to add 24-hour emergency mental health services to the mental health walk-in clinics being established around the province;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to commit to increase the proportion of health spending devoted to mental health to 9%;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to create a new government department responsible for child and youth services, with a legislative mandate to ensure the integration of services to children and youth across all government departments and agencies.

Motion 72 by Mr. Coon, seconded by Mr. Arseneau to propose the following resolution on Thursday, May 27, 2021:

WHEREAS NB Power met its target to have 40% of the total in-province electricity sales in kilowatt-hours in electricity from renewable resources by December 31, 2020;

WHEREAS NB Power no longer has a renewable energy target;

WHEREAS the State of Maine, which also currently receives 40% of its electricity needs from renewable resources, has a target of 80% renewable energy by 2030 and 100% by 2050;

WHEREAS Nova Scotia is committed to have all government offices using renewable electricity by 2025;

WHEREAS municipalities and First Nations across New Brunswick could use cheap, renewable energy to power their government operations, but are prevented from doing so by provisions in the *Electricity Act*;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to update the renewable energy portfolio requirements under the *Electricity from Renewable Resources Regulation (2015-60)* under the *Electricity Act* with targets to have 80% renewable energy on the grid by 2030 and 100% renewable energy on the grid by 2050;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to table a plan to be carbon-neutral in its operation by 2030;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to reduce barriers to generating green energy by allowing municipalities and First Nations to directly purchase small-scale, New Brunswick-based renewable energy for use in their government operations.

Motion 74 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, June 10, 2021:

WHEREAS palliative care is an important component of the continuum of care, and it currently does not receive sufficient attention, funding and resources from the provincial government;

WHEREAS approximately 80-85% of individuals receiving palliative care have a cancer diagnosis;

WHEREAS New Brunswick has the highest rate of in-hospital deaths in Canada, with 80% of end-stage cancer patients being admitted to hospital for the last two weeks of their life, compared to the Canadian average of 60%;

WHEREAS quality palliative care provides patients and families with the care they need, when they want, in the setting of their choice and is an efficient use of health care money that can help create a more sustainable health care system;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to provide additional funding for specialty care staff including, palliative care nurses, palliative care social workers, primary care workers, extra mural, licensed practical nurses, homecare workers, personal support workers, and paramedics across the province;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to invest resources to deliver palliative care within the home and within the long-term care settings, and increase the number of staff, equipment, and resources for hospices to enhance community capacity;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to strengthen caregiver supports, particularly related to grief and bereavement, as well as educate and communicate to New Brunswickers the resources available in the community;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to update and report on the status of New Brunswick Palliative Care Strategy, including on the implementations of the Five Strategic Pillars, actions plans, policies, programs and services, and on the status of the New Brunswick Palliative Care Advisory Committee by December 31, 2021;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the Minister of Health to table in the Legislative Assembly a report on the state of palliative care in New Brunswick every 3 years.

Motion 77 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, June 10, 2021:

WHEREAS investments in energy efficiency help combat climate change by reducing greenhouse gas emissions, improve affordability of energy for families and competitiveness for businesses by lowering energy bills, and create a substantial number of local jobs;

WHEREAS, since 2013, the provincial government has funded the Low-Income Energy Savings program with \$2 million per year;

WHEREAS additional investment in the Low-Income Energy Savings program would reduce the current waitlist, which currently has an estimated wait time of approximately 12 months;

WHEREAS Prince Edward Island is planning to invest an additional \$5.6 million towards its Energy Efficiency Equipment Program to allow every household to reduce its carbon footprint;

WHEREAS Nova Scotia announced an investment of \$6.7 million in energy efficiency incentives for affordable housing projects and \$3.5 million to provide incentives for energy efficiency upgrades for small businesses and non-profit organizations;

WHEREAS, through Efficiency One, Nova Scotia is avoiding more than 1 million tonnes of carbon dioxide equivalent annually, reducing electricity use by 11%, and saving more than \$1 billion on energy costs;

WHEREAS New Brunswick spends \$17.77 on energy efficiency per household in energy poverty, compared to Prince Edward Island, which spends \$214.99, and Nova Scotia, which spends \$120.88;

WHEREAS a major program to retrofit homes and businesses would be an engine of economic growth for our province, increasing our GDP by \$2 to \$3 billion annually and creating between 900 and 1,300 jobs every year, while shrinking our carbon footprint;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to establish zero-interest loans of up to \$10,000 to furnish the capital for cost-effective energy and renewable heat and power retrofits of homes;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to transfer energy efficiency and heating upgrade programs to a new non-profit agency modelled on Nova Scotia's Efficiency One.

Motion 84 by Mr. McKee, seconded by Mr. K. Chiasson to propose the following resolution on Thursday, November 18, 2021:

WHEREAS property tax assessments on residential properties have been increasing year over year across the province;

WHEREAS a demand for housing in New Brunswick has driven up the market value of residential property throughout the province;

WHEREAS many people on fixed incomes are finding it difficult to afford a significant rise in their property tax due to increased assessments;

WHEREAS, even though there is a cap limiting the rise of assessments to 10 percent in a given year, homeowners may still face significant assessment increases year after year, resulting in a cumulative unjustifiable tax hike;

WHEREAS this latest assessment increase will provide a significant revenue windfall for municipalities and the province;

WHEREAS there is no direct correlation between the rise of assessments and the costs to municipalities and the province to provide services like water and sewerage, garbage pickup, or other services;

WHEREAS there is no obligation on municipalities or the province to reduce their tax rates to help offset the financial impact of rising assessments;

WHEREAS the province should put the interests of homeowners before its own interests and ensure that residential taxpayers are not facing undue hardship;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to establish a mechanism whereby tax rates are adjusted downward if real property assessments increase beyond a certain threshold each year.

[Debate interrupted due to expiration of time.]

Motion 100 by Mr. Bourque, seconded by Mr. C. Chiasson to propose the following resolution on Thursday, March 31, 2022:

WHEREAS, as a result of the pandemic, students in the primary and secondary school system have missed many in school education days;

WHEREAS, although there has been at home instruction, there are concerns that it has not adequately delivered the educational programming that would have been available through in school instruction;

WHEREAS many students have been educationally disadvantaged by living in areas without adequate high-speed internet to support remote learning;

WHEREAS many students who require specialized in class support have been unable to obtain the level of support they have been able to access in the past;

WHEREAS many parents are worried that the educational limitations brought on as a result of the pandemic have caused their children's educational progress to be negatively impacted;

WHEREAS it is necessary to ensure that children do not fall behind educationally;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to immediately bring forward a plan to measure the educational impact of the lessened instructional opportunities;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to bring forward a comprehensive plan to ensure children will not be educationally disadvantaged by the instructional limitations of the pandemic.

Motion 105 by Mr. Coon, seconded by Mr. Arseneau to propose the following resolution on Thursday, April 7, 2022:

WHEREAS the majority of trees are harvested on Crown land by clearcutting;

WHEREAS the scientific evidence is clear that clearcutting and the conversion of clearcut areas to plantations has caused massive habitat loss for the 54 most common forest bird species in New Brunswick and that habitat loss is associated with significant population declines, with the loss of between 33 million and 104 million forest birds in our region since 1985;

WHEREAS the extent of clearcutting has left forests in the Northwest Miramichi and Nepisiguit watersheds unable to effectively regulate water flow, increasing the risks of erosion and sedimentation;

WHEREAS the Standing Committee on Climate Change and Environmental Stewardship, in its first report to the Legislative Assembly, dated November 2, 2021, recommended that remaining old hardwood, mixed wood, and softwood forest be maintained through ecologically based forestry;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Minister of Natural Resources and Energy Development to replace clearcut harvesting in the remaining areas of old hardwood, mixed wood, and softwood forests on Crown land with ecologically based harvesting practices in order to retain their ecological and economic value.

Motion 106 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, April 7, 2022:

WHEREAS intermunicipal and interprovincial transit are important parts of transportation networks for many New Brunswickers and Atlantic Canadians;

WHEREAS existing intermunicipal and interprovincial transit services in the Atlantic Provinces are often limited or struggle to remain sustainable;

WHEREAS intermunicipal and interprovincial transit are essential public services, and governments must play a strong role in ensuring they are accessible and affordable;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly support in principle the creation of a regional solution to intermunicipal and interprovincial transit in collaboration with the Atlantic Provinces, federal and municipal governments, and industry partners;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to put forward the creation of a regional working group on intermunicipal and interprovincial transit at the next meeting of the Council of Atlantic Premiers.

Motion 107 by Mr. McKee, seconded by Mr. Melanson to propose the following resolution on Thursday, May 19, 2022:

WHEREAS many New Brunswickers are feeling the strain of trying to cope with rising prices for many goods and services;

WHEREAS fuel prices have risen significantly, and, unlike many other provinces, the Higgs government has decided to keep the carbon tax revenue and not give its citizens a rebate;

WHEREAS fuel price increases have provided an additional windfall to government through HST, which is charged on gasoline and heating fuels, but, again, this government is keeping those additional revenues and not sharing them with New Brunswickers in need;

WHEREAS there is a housing crisis in New Brunswick with a lack of affordable housing that this government has not addressed;

WHEREAS tenants in New Brunswick are facing the highest rental rate increases in the country;

WHEREAS the government eliminated the home energy rebate program which provided much needed financial support for over 33,000 low-income families;

WHEREAS the government is planning to increase the premiums for prescription and catastrophic drugs;

WHEREAS property assessments are increasing at alarming rates, leaving many New Brunswickers struggling to pay increased property taxes;

WHEREAS many residents, especially rural residents, are worried that, when the province implements local government reform, it will download the costs of many services to the new local entities and people will see dramatic increases in property taxes;

WHEREAS, despite the struggles faced by many businesses and individuals throughout the pandemic, this government provided very little support in comparison to the support programs that other provinces were offering to support their citizens;

WHEREAS the government is boasting about having record surpluses;

WHEREAS, instead of providing additional financial support programs to help New Brunswickers in need, this government is obsessing about its bottom line and wants to make even deeper spending cuts;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to bring forward a comprehensive program of support measures to help New Brunswickers in need.

Motion 110 by Mr. Melanson, seconded by Mr. McKee to propose the following resolution on Thursday, May 26, 2022:

WHEREAS many New Brunswickers are struggling financially because of the high price of gasoline;

WHEREAS New Brunswickers need and deserve relief to cope with high gas prices;

WHEREAS it is within the authority of the Province of New Brunswick to lower the provincial tax on gasoline;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to eliminate the 10.87¢ per litre of provincial tax on gasoline for a period of four months commencing at midnight on Friday, May 20, 2022;

BE IT FURTHER RESOLVED THAT the Legislative Assembly urge the government to provide a payment of \$500.00 to all New Brunswickers earning less than \$25,000.00 a year.

[Debate interrupted due to expiration of time.]

Motion 112 by Mr. D'Amours, seconded by Mr. Legacy to propose the following resolution on Thursday, June 9, 2022:

WHEREAS the Minister of Health said that 10% of 800 000 New Brunswickers, which means about 80 000 New Brunswickers, are waiting for a family doctor;

WHEREAS the New Brunswick Nurses' Union has indicated that, as of February 2022, there were 1 000 registered nursing positions and 300 practical nursing positions unfilled;

WHEREAS the Minister of Health promised in April 2021 to provide a primary caregiver for all New Brunswickers waiting for a doctor within 6 months and has failed to do so;

WHEREAS, in February 2022, four highly reputable retired family physicians who are concerned about the lack of care available for New Brunswickers weighed in with a plan to provide primary care to every New Brunswicker;

WHEREAS the Minister of Health did not heed this advice and the primary care shortage persists;

WHEREAS surgical wait lists in New Brunswick are amongst the longest in Canada;

WHEREAS New Brunswick has one of the highest COVID counts in the country and had over 400 COVID-19-related deaths in May 2022;

WHEREAS, as a result of political decision-making trumping public health advice, the minister has failed miserably in keeping New Brunswickers safe throughout the pandemic;

WHEREAS, with a flagrant dismissal of the need for public transparency, the Minister of Health has tried to muzzle the CEOs of the regional health authorities;

WHEREAS the Minister of Health again showed a blatant disregard for transparency and protecting the health of New Brunswickers by failing to advise the public of the emergence of a new COVID-19 variant;

WHEREAS the minister's continued failures have resulted in a loss of confidence in the minister by New Brunswickers;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the Premier to establish accountability and performance measurement frameworks for the Minister of Health and make the improvement of health care delivery in New Brunswick a top priority.

Motion 113 by Mr. LePage, seconded by Mr. Legacy to propose the following resolution on Thursday, June 9, 2022:

WHEREAS New Brunswick has an aging demographic and, over the next decade, about 120 000 New Brunswickers will retire;

WHEREAS New Brunswick is in the midst of a labour crisis and many employers are having difficulty finding trained labour with shortages in healthcare, long-term care, childcare,

transportation, construction, education, trades, information technology, manufacturing, and tourism, to name a few;

WHEREAS we are also in the midst of a health crisis based on a shortage of nurses which threatens the delivery of health services;

WHEREAS, in 2019, the Higgs government eliminated the free tuition program that made postsecondary education accessible for many New Brunswickers who saw tuition costs as a barrier to entry;

WHEREAS New Brunswick does not provide tuition incentives or relief from student debt for students in targeted programs where labour shortages exist;

WHEREAS, as a result of labour shortages, other provinces and the federal government are stepping up to announce programs to tackle the issue head on;

WHEREAS the other provinces are offering incentives for students to enter targeted professions like health and social services, education, engineering, childcare services, information technologies, trades, construction, and other fields where labour shortages exist;

WHEREAS other provinces are also announcing programs such as those to cut tuition fees for overseas students as a further incentive to address the labour shortages and programs to attract and assist young people to pursue careers in the trades;

WHEREAS New Brunswick lacks a comprehensive strategy to deal with the labour shortages;

BE IT THEREFORE RESOLVED THAT the Legislative Assembly urge the government to develop a series of targeted labour incentive programs to address New Brunswick's labour shortages.
